THE ROAD WE READ ABOUT.

The reference made by Governor Seymour, in his Paris dispatch, to the road between this city and Yale, is quite excusable upon the ground that His Excellency was absent from the Colony when the so-called road was made, and only knew what he was told concerning it. Having entered our protest against the manner of locating and constructing the road at the time we may be allowed to say a few words with reference to it now. Perhaps it will never be known definitely how much the work really cost the Colony; but the value received is tolerably well understood. We believe we are correct in stating that the road runs for miles over marshy lands, upon which the water stands from three to four feet deep, at some seasons; that in many places the road cannot be traced at all; and that the ravines, creeks and sloughs are, for the most part, left without any means of crossing. We are not quite sure that we would be justified, under the present management of the Lands and Works Department, in urging upon the Government the duty of completing the road, as a whole; but we think there can be no doubt as to the advisability of bridging the creeks and sloughs between here and Langley. We have been assured by some of the settlers acquainted with the matter that less than one thousand dollars would suffice to do the work, and by having it done a passable winter road would exist. The rapidly increasing agricultural interests upon the Lower Fraser, as well as the growing importance of uninterrupted communication with the interior, would seem to point to this work as one of considerable importance; and we have been assured that to leave the road in question in its present unfinished condition will be to sacrifice all that has been already expended upon it. We have seen no cause for changing our views as to the proper location of a road to Yale. Nay, experience has only served to convince us that it must be constructed upon this side of the Fraser in order to be of much value, either to the settlements through which it passes, or as a highway to the interior. It doubtless answered the purpose of the Telegraph Company to run the road across miles of marsh, liable to frequent inundation. Their object was a telegraph line, not a highway for travel; and it was of little consequence to them whether the ground were high or low, wet or dry so long as it was free from trees. But the object of the Government should have been the selection of a good site for a permanent road; and they should not have permitted themselves to be led over cranberry marshes, and low lands, subject to overflow, merely to suit the convenience of the Telegraph Company. It was right to extend every reasonable assistance to that company; but it was certainly not right to do so at the sacrifice of so important a public work as a colonial trunk road.

WEDNESDAY, SEPTEMBER 5, 1866.

THE GOVERNOR'S POSITION.

Governor Seymour is certainly the best abused man of the time. On leaving for England, a few months ago, his Excellency was lauded by the press now so wantonly devoted to abusing him, the Victoria papers even going the length of expressing a hope that he might be the Governor of the united Colonies. He was said to be in favor of union, and opposed to what they chose to designate as the "the New Westminster clique," and was, therefore, "the man for Galway." These calculations and hopes have, however, been "rudely dispelled" by the promulgation of the terms offered by the union constitution, although, as we have already shown, these terms are just and equitable to both Colonies. They do not, of course, please Victoria politicians, because a wider field for the gratification of their silly ambition is not created thereby. They do not please Victoria land-holders, because the props by which that town has been artificially raised, and kept up, are knocked away, and it is doomed hereafter to stand upon its own bottom—rely upon its own merits and advantages. But, in every other respect the Colonies, as a whole, are treated with a degree of fairness which every unprejudiced man must admit. It was fair to presume that when the Victoria Legislature passed a series of resolutions, asking to be incorporated with British Columbia, upon any terms the Imperial Government might see fit, they were prepared to give up the absurd claims formerly advanced, and accept such political institutions as were enjoyed by the Colony of which they were so anxious to form a part. Yet we find that although that form of government has been greatly improved and liberalized, it is denounced as barbarous, and utterly unfit for civilized beings. Does it not come with an ill grace from people confessedly and palpably unable to govern themselves to spit at our institutions, even in their liberalized and improved form, and denounce them as unfit to live under? Is not what is acceptable to the people of British Columbia good enough for the people of Victoria? We confidently assert that the proposed form of government is not unacceptable to the great bulk of the colonists. Of course Victoria emissaries will deny this; but it is none the less true for that. An attempt is being made by Victoria politicians to vamp up public feeling in the interior, in opposition to the new constitution and to Governor Seymour. But, we apprehend, the miners are not in much danger of being caught by such bunkum as is being served up to them on that head. As a general rule they are a quiet, contented, thinking class of men, and, as such, cannot but see that the Governor, in the fullest way, appreciates their importance, and accords to them that consideration which their importance demands. His Excellency says: "Even "if union is not to take place, I should "wish to see the popular element increased in our Legislative Council. It is "by gradual concessions, freely made by "the Government, that the desire for "institutions practically unsuited to British Columbia will be best kept under. "It is in the gold mines that I should "specially desire to see the representation increased." In treating upon the advisability and justice of giving foreigners a voice in the legislation of the Colony, under present circumstances, His Excellency says: "I hold it as extremely "desirable that we should know the real "interests and feelings of our many "alien immigrants, that we should attach them to our institutions, and that, "as we govern them by moral force "alone, not costing the mother country "a soldier or a shilling, we should have "among our legislators men responsible "to alien as well as English constituents. "I like to hear any grievance which the "American miner may imagine he suffers "from in Cariboo disposed of, as now, "by the remark, 'Wait for the next "election.'" What, we ask, could possibly be more liberal than this? But, perhaps, the most singular and transparent feature of the abuse being heaped upon the offending Governor is that which is constantly characterizing him as a "New Westminster Governor," blinded by local prejudices and local interests, and bent upon favoring and fostering this city at the expense of the rest of the Colony. Now, we would ask these libelling scribes to be good enough to enumerate those acts which entitle His Excellency to be so characterized. We ask this in common fairness to all parties, and we pause for a reply.

TO THE ELECTORS OF THE City and District of NEW WESTMINSTER.

FELLOW COLONISTS,

A General Election is at hand, and you are called upon to select a man to represent your interests in the Legislative Council of the Colony. I have consented to offer myself as a candidate for your suffrages, your old and faithful representative having retired.

Having addressed you twice a week, during the past six years, through the columns of the BRITISH COLUMBIAN newspaper, upon nearly every important public question which has arisen, it will not be necessary for me now to enter into any lengthened exposition of my political views and principles; but inasmuch as it is expected of a candidate to enunciate his creed, in coming before the people for their suffrages, I shall touch briefly upon a few of the more prominent topics which occupy the popular mind at the present time. If you should do me the honor of electing me to represent this most important constituency in the Legislative Council, I shall support, amongst others, the following measures:

1. The question of union, so long and so variously advocated by the people of Victoria, and so uniformly spurned by the people of British Columbia, has recently assumed an entirely altered aspect. The Imperial Government has, as you are aware, decided to incorporate Vancouver Island with British Columbia, upon conditions already sufficiently known to you; provided the Legislatures of both Colonies should accept the new constitution. Although British Columbia has little to gain by such an acquisition I am disposed to view incorporation upon the terms proposed as perhaps the most ready and effective means for putting an end to agitations replete with injury to both Colonies.

2. Retrenchment in the Civil Service; for, although with the contemplated changes in the constitution and territorial boundaries of the colony the necessity for retrenchment may undergo some modification, still there would, I apprehend, be considerable room for a reduction in the expenses of some of the Government Departments.

3. Abolition of the Tonnage Dues, if not in whole, in so far as they apply to articles of Home product or manufacture, and a healthy protection for agriculturists near the seaboard against foreign competition.

4. A wholesome Homestead Law, carefully guarding the settler against oppression, on the one hand, and the creditor against fraud on the other.

5. Free grants of land to all actual settlers, and a tax upon wild land held purely for speculative purposes, the revenue derived from such tax to be expended in constructing roads in the districts where collected.

6. A speedy and final adjustment of the Indian land question, securing to the Native Tribes a reasonable amount of land for actual use, *and no more*; and the throwing open of the remainder, and of the numerous Government reserves created during the late Administration, to the actual settler.

7. The construction of main roads through all the settled districts, so as to bring the Agriculturists into connection with the markets of the colony.

8. More stringent measures for the suppression of the smuggling and illicit whisky trade so extensively carried on between Victoria and the Indians along our seaboard.

9. An immigration scheme by which families and farm laborers might be assisted in reaching a Colony peculiarly fitted to receive and employ them.

There are various other questions of great importance, such, for instance, as that of the Federation of all the British Possessions upon this continent, which it would be impossible, as it is unnecessary to discuss in the present address. I shall, however, be happy to avail myself of any opportunity which may present itself of meeting you for the purpose of enunciating my views more fully, and answering any questions which may suggest themselves.

I have only to say, in conclusion, that if an honest, and, I may truly affirm, a laborious zeal for the interests of this my adopted country have given me any claim to your confidence and esteem the only return I ask is that you will, by your votes, place me in that position which of all others will enable me the most effectually to labor for the promotion of your best interests.

I have the honor to be,
Fellow Colonists,
Your most obed't servant,
JOHN ROBSON.

NOTICE.

CODVILLE LANDING!

Important to Packers, Stock Drivers, and the Public in General.

THE Public are respectfully informed that James Codville, of the wide renowned Codville Landing Ranch, is prepared to receive any number of animals and cattle to ranch this coming winter, on the most liberal terms.

Large Reductions from the regular price made in favor of trains.

Persons intending wintering their own stock can be accommodated with Hay in the stack, and stables and sheds for their animals, and Houses for themselves, on the most reasonable terms.

The Ranch is situated on the opposite side of the Fraser from that of Sumass, is on an island 6½ miles long by 4½ wide, is high and dry, no place where animals can mire, well protected from north winds, free from any kind of poison weed, and affords every facility, natural and artificial, for the accommodation of stock.

James Codville would also call public attention to the fact that he is prepared to furnish Hay at a very reduced price, and in quantities to suit all purchasers.

In returning thanks to the Public for past patronage, I am in hopes that the good condition in which I turned out animals on former seasons will secure for me a share of the Public patronage this coming winter.

Horse covers, pack saddles, and all rigging taken care of, and every satisfaction given for the least possible charge to those who may entrust their stock to me, or order Hay.

AGENTS.—DIETZ & NELSON, New Westm'er.

WEDNESDAY, SEPTEMBER 5, 1866.

Municipal Council.

Council met pursuant to adjournment, Sept. 3d. Present: The President, and Councillors Armstrong, Ferris, Withrow, Cunningham, Ashwell, Rylatt, Clute, Calder, and McMillan. Absent: Councillors Wintemute and Clarkson.

The minutes of last meeting were read and confirmed.

Communications from J. D. Sullivan, W. D. Ferris, and W. Clarkson were read, applying for the office of Clerk, made vacant by the death of Mr. Thos. McMicking.

On motion of Coun. Calder, seconded by Coun. Withrow, Mr. W. Clarkson was elected to the offices of Clerk, Assessor and Collector, for the current municipal year.

A petition from F. G. Richards and others was read, praying the Council to provide a pump and other material in order to finish the tank commenced by the chain-gang on Merivale street.

On motion of Coun. Armstrong, seconded by Coun. Cunningham, the petition of F. G. Richards and others was referred to the Board of Works, with instructions to furnish the necessary material.

On motion of Coun. Calder, seconded by Coun. Cunningham, Messrs. J. C. Armstrong, Wm. Johnston, and H. W. Smith were recommended to the Chief Inspector of Police as a Board of Health.

Moved by Coun. McMillan, seconded by Coun. Calder, and carried unanimously, That this Council take this, the earliest opportunity, of expressing the deep regret they feel at the sudden and most lamentable accident which has deprived this Council of an able and efficient Clerk, and the community at large of a most estimable, useful, and honored citizen.

This Council would also tender to the widow of the late Mr. Thomas McMicking their heartfelt sympathy for the sad bereavement which she and her family have sustained in the death of a beloved husband and a kind and affectionate father. But while this Council express the sorrow they feel at so sad a dispensation of an All-Wise Providence, it is a consolation to the bereaved widow and family to know that although they have thus suddenly been called to mourn, they do so not without a well-grounded hope that their loss is his eternal gain.

Resolved, further, that a copy of the above resolution be forwarded to the widow of the late Mr. Thomas McMicking, and that it be entered upon the minutes of this Council.

Coun. Clarkson, having accepted the office of Clerk, tendered his resignation as member for Ward No. 5, which was accepted, and the President instructed to notify the Magistrate thereof.

After some further routine business was disposed of, the Council, on motion, adjourned.

THE CARRYING TRADE OF BRITISH COLUMBIA.

The following statistics, carefully compiled for Langley's Pacific Coast Directory, by Mr. Legh Harnett, having been surreptitiously published in the Yale *Tribune*, is now inserted in our columns by the kind consent of the author. We publish it both as an interesting piece of information, and as tending to show how much good the work for which it was compiled may do this colony abroad. Mr. Harnett informs us that, in addition to the annexed list the names of 20 packers are yet to be obtained, and which will, it is believed, swell the list of animals to something over 3000. This, he says, proves the interior trade of British Columbia to be over two-thirds that of Washoe, and greater in proportion to the population than that of any other mining country. It will be observed that the number of animals employed in the carrying trade of the colony, that is in so far as the following list extends, is 2,332 while the number of merchants, packers, &c., employing them is 70:—Hudson Bay Company, 150 animals; Kwong Lee & Co., 35; Bacigalupe, 20; Urish Nelson & Co., 124; Barlow, 16; Oppenheimer & Co., 90; Romano, 110; Black, 57; Levi, 75; M. C. Davis, 50; Thomas, 50; Scott, 65; Hutchinson, 50; Coxon, 61; Barnett, 50; O'Brien, 40; Bates, 40; Evans Bros., 52; Kimball & Gladwin, 12; McDonald & Phare, 32; Sherman, 10; Alway & Bailey, 10; Saul & Co., 28; Roper, 12; Lane, 10; Smith, 10. Smith & Ladner, 40; Crawford & Wilson, 14; Turk, 28; Kirkpatrick, 10; Dunn, 16; J. Davis, 2: Loring, 24; Jack, 40; Robbins, 20; Vidder & Co., 28; Barnes & Co., 40; Robbins, 20; Vidder & Co., 28; Barnes & Co., 40; Dietz, 20; Peters, 23, Bohannon, 18; Lendheart, 36; DeNuvion, 37; Girod & Guichon, 35; Walter Bros., 14; McCullum, 28; Allison, 20; Ward, 34; Reiley, 20; Sundry, 20; Barnard stages, 174; Sutton livery stables, 12; Telegraph Co., 300.

THE SUNDAY SERVICES.—The special union services, in connection with the universally lamented death of Mr. McMicking, were very largely attended. The Rev. D. Duff preached in St. Andrews Church, in the morning, taking for his text Psalm xxxvii. 37th v., "Mark the perfect man, and behold the upright; for the end of that man is peace." The discourse was eloquent, appropriate and powerful, and was listened to with marked attention. In the evening the Rev. E. White preached from the last clause of Hebrews 11th and 4th, "And being dead yet speaketh." The discourse was eminently practical and impressive, as all Mr. White's discourses are. The speaker sketched the history of Mr McMicking since his arrival in this Colony, as an illustration of the compatibility of a strict observance of religious duty with a faithful and efficient discharge of secular engagements,—the adaptability of religion for every day life.

THE MCCULLOCH CREEK QUARTZ LEDGE.—Mr. W. J. Jeffree and Mr. John Hancock, who, in conjunction with Mr. Hicks, discovered the quartz ledge in the neighborhood of McCulloch's Creek, arrived in this city on Monday. They brought down a lot of specimens, several of which were shown to us, and which appear to be exceedingly rich. They have had two lots assayed with the following result:—Lot No. 1, $341 25 to the ton; lot No. 2, $3,286 53 to the ton. These men have a well defined ledge two feet thick, and which they have followed to a depth of 10 feet. Gold is everywhere visible in the rock, and the quartz has, as we have already said, every appearance of being good. They have made arrangements to have half a ton shipped to this city as a test; and as they are miners without sufficient means to open it up, they hope to be able to obtain sufficient capital for that purpose.

AT HIS OLD TRICKS.—It is not very long since we had occasion to expose the editor of the Yale *Tribune* for stealing our special telegraphic dispatches. In his last issue appeared an item headed "Freighting," and comprising a list of the firms engaged in the carrying trade of the interior, and the number of animals employed by each. The list, as will be seen from a communication in another column, was obtained in a most dishonorable way, and its publication was a gross breach of trust. It was not only published without the consent of the gentleman from whom a copy was obtained in the strictest confidence, but not the slightest credit is given to the source from which it was received, thereby, no doubt purposely, making the impression that the public are indebted solely to the industry and enterprise of the editor of the paper in which it appeared for the interesting information it contains. We may state that we had the same information from Mr. Harnett, on his return from Yale; but the idea of making such an improper use of interesting statistics, carefully compiled for a work now in press, and given to us in confidence, never once entered our mind. Is it not too bad that a person like our contemporary, actually living by literary pickery, so to speak, should continue to disgrace the profession?

CEDAR CREEK.—It is with great pleasure, says the *Cariboo Sentinel*, we are enabled to state, on the authority of several reliable miners who have just returned from this creek, that the diggings are not quite "played out" yet. We are informed that the Discovery Co. had commenced washing on Wednesday last, and took out for that day, with five men, $100. This company confidently expect to average an ounce a day to the hand. No other claims above them had got ready to wash but all were busy preparing, and renewed confidence appeared to be generally entertained in the diggings in consequence of the flattering prospects obtained by the Discovery company.

THE ELECTION.—The *Government Gazette* was published yesterday, and, for a wonder, contains something new, viz., a notice of a general election, the Legislative Council having expired by efluxion of time. The electoral districts have been somewhat changed, and are as follows: New Westminster; Hope, Yale and Lytton; Lillooet, Williams Lake and Cache Creek; Cariboo and Quesnel; Columbia and Kootenay. The notice mentions no time for the returns, but we presume the Magistrate, in whose hands the matter rests, will issue a notice for this district immediately.

TOO BAD.—When our Yale contemporary passed through this city, last week, we gave him the most flattering notice we knew how to administer; and yet a mercurial person (possibly the editor himself) complains, in the *Tribune*, that we did not treat its editor with that respect due to the profession. It is really too bad that, after doing our best, we should not be appreciated. We fear "B. C." must be somewhat obtuse.

CUSTOMS RECEIPTS for week ending Saturday, September 1:—Duties, $9297 76; harbor dues, $132 79; head money, $51; tonnage dues, $418 49. Total, $9900 40. Number of passengers entering during same period, 51.

FROM VICTORIA.—The steamer Enterprise, Captain Swanson, arrived from Victoria last evening, bringing freight and passengers. We are in receipt of our usual files of Victoria papers. The Vancouver Island Assembly has expired by efluxion of time, and has left the Government without supplies, the altered bill sent down by the audacious "Lords" having been rejected by the indignant "Commons." Government officials not specially provided for have received "notice to quit," the pupils of public schools are turned out upon the streets and there appears to be general consternation throughout officialdom. It really seems as though our neighbours would never get out of "hot water."

PERSONAL.—Mr. Cummings, a literary gentleman, who is travelling partly for his health, and who is a correspondent of the San Francisco *Bulletin*, and *Harper's Magazine*, returned from Cariboo on Monday, and leaves for Victoria this morning. Mr. Cummings is preparing a series of papers on British Columbia for *Harper's Magazine*. He appears to be favorably impressed with the country, both as regards its mineral resources and climate.

FROM YALE.—The steamer Lillooet, Captain Fleming, arrived from Yale on Monday, and the steamer Onward, Captain Irving, arrived from the same place yesterday. Both steamers brought a few passengers and an express for Dietz & Nelson, but very little news.

IMPORTANT SALE.—The steamboats, cattle and other property of E. T. Dodge & Co. will be sold to-day and to-morrow, here and at Langley. For particulars see advertisement.

REMOVED.—Mr. W. Woodman has removed his boot and shoe shop to Holt's corner, nearly opposite the Telegraph Office.

TOO LATE.—Pilot Titcomb's communication reached us too late for a place in the present impression, but will appear in our next.

TELEGRAPHIC.

SPECIAL DISPATCH TO THE "BRITISH COLUMBIAN."

EUROPEAN.

LONDON, Sept. 1.—Consols 89½ for money; 5 20's at 73½; money market unchanged.

LIVERPOOL, Sept. 1, noon.—The Royal Mail steamship China sailed to-day for Halifax and Boston, with £153,000 in gold for the United States.

PARIS, Sept. 1.—Emperor Napoleon, in a letter writ[illegible] King Victor Emanuel, 11th of August, rejoices that the era of peace has returned. He says he accepted the cession of Venetia from Austria in order that the people of that country might be enabled to choose their own destiny. The Emperor adds that he has framed his influence in favor of humanity and the best interests of the people of Venetia and Italy.

ST. PETERSBURGH, Sept. 1.—The Russian Government, prior to negotiations for peace in Germany, proposed to the French Emperor and other powers that neutrals should participate in territorial changes occasioned by the results of the war. It was not supported by France and the Czar refrained from officially moving in the matter, reserving, however, liberty of action to himself in future.

No local news of interest.

QUEENSTOWN, Aug. 30.—Steamer Java, from New York, arrived to-day.

LONDON, Aug. 31.—Advices of proceedings of the Philadelphia Convention have had the effect of advancing the price of stocks of the States lately in rebellion. Weekly returns of the Bank of England show an increase of one million pounds in bullion.

MUNICH, Bavaria, Aug. 31.—Bavarian Chamber formally approved the treaty of peace concluded with Prussia by the plenipotentiaries of the King.

VIENNA, Aug. 31.—Emperor Francis Joseph as a measure of economy dismissed a large portion of his retinue.

ST. PETERSBURG, Aug. 31.—Emperor Alexander gave a grand banquet in honor of the embassy from the United States at which the prominent dignitaries of the Empire were present. The Emperor gave the toast, "Prosperity and consolidation of the United States."

The London *Times*, in review of the questions arising between England and America growing out of the recent war in the United States and more recent raids by Penians into Canada, urges the British Government to take into immediate consideration the feasibility, if not necessity, of extending the provisions of the neutrality laws so as to hold different governments to strict account for all acts in defiance of that law committed by the subjects of each.

PRAGUE, Sept. 1.—Terms of peace between Austria and Italy are in rapid progress toward settlement. It is generally believed that peace will be finally and fully consummated between these powers in ten days.

PARIS, Sept. 2.—The Minister of Foreign Affairs, M. Drouyn L'huys, has resigned. M. Mouthon succeeds him.

BERLIN, Aug. 31, evening.—The Grand Duke of Darmstadt refuses to accept the Prussian treaty, and Upper Hesse is likely to be annexed to Prussia.

HEART'S CONTENT, Sept. 2.—News of the successful picking up of the Atlantic telegraph cable of 1865, reached here forty-five minutes after six o'clock this morning. The expedition with the Great Eastern had been out 24 days, and all hope of success had been abandoned by the telegraph people here. News reached Valentia forty minutes past five o'clock, one hour and five minutes before it was received even here. Signals are sent through the cable with perfect accuracy. They are talking with the Great Eastern every moment, via Valentia, in Ireland. In a few hours after the recovery of the cable the splice was made with the cable stored in the main tank of the Great Eastern, the reeling out of the cable immediately took place. The big ship is now paying out the wire and approaching Heart's Content on her return with the same speed she maintained on the late expedition. The telegraph fleet is expected here next Saturday.

EASTERN STATES.

ROCHESTER, Sept. 1.—The President was more formally received here than at any other place since the party left Albany. The President, after lunch, appeared on the balcony of the hotel, and was officially welcomed by Mayor Moore.

NEW YORK, Sept. 1.—Queen Emma, of the Sandwich Islands, started home to-day, *via* Aspinwall. She was at Montreal when intelligence of the death of her mother came by telegraph.

The *Post's* money article says the loan market is unchanged; government securities firmer; railroad shares, upward tendency.

The steamer for Europe to-day took out three hundred thousand dollars in coin, and four million in bonds.

NEW YORK, Sept. 1.—The pioneer steamer of the P. M. S. S. Co. to China leaves this port on October 1st.

NEW YORK, Aug. 30.—The dinner to the President's party at Delmonico's last night was the most elegant and extensive affair of the kind ever enjoyed by so large a party in th' country. Dinner was ordered for 250 people at a cost of $25,000. The trip thus far has been managed skillfully, and unless some contretemps occurs it will add much to the strength of the new party.

HEART'S CONTENT, Sept 2.—The cable of last year was picked up this (Sunday) morning at forty minutes past four, in latitude 52° 30′, longitude 36° 03′. The splice was made and the cable lowered at 7 o'clock, a. m. The Great Eastern is now 700 miles from here, paying out and everything is going on well. They expect to reach here on Friday, September 7th.

NEW YORK, Sept. 1.—The Pioneer steamer of the Pacific Mail Steamship Co.'s. line to China leaves here on the 1st of October.

CHICAGO, Sept. 2.—The President arrived at Niagara Falls, at 4½ p. m., yesterday.

PAILADELPHIA, Sept. 2.—The Southern Unionists' Convention meets to-morrow. About 600 delegates have already registered their names. Indications show that it will be fully attended.

CALIFORNIA.

SAN FRANCISCO, Aug. 31.—Tahitian brig Maria arrived this morning from Hushine, Sandwich Island. On 7th July a Spanish fleet, consisting of iron-clad Numancia, and frigates Berenguela and Ville de La Victoire, were in port coaling. British ship Mattores was in Papute supplying Spanish fleet with coal.

Gold in New York, on the 30th, 147.

Arrived, August 31st, steamer Active, 4 days and 10 hours from Victoria.

To the Editor of the British Columbian.

MR. EDITOR.—In the last issue of the Yale *Tribune*, I find a list of the parties engaged in the freight business, with the number of animals each owns. The list in question was originally prepared by myself for "Langley's Pacific Coast Directory," and from the friendly intercourse I enjoyed with Mr. Wallace, I am surprised he should publish the copy I allowed him to make without *crediting* it to its proper source.

Were I acting for myself it would be a matter of indifference whether Mr. W. observed the courtesies of his profession or not; but, acting for others, who are incurring enormous expenses to make their work beneficial and complete, I should be remiss in my obligations to them were I to remain silent.

In preparing this account of a most important branch of your material wealth I admit, freely, that Mr. Barnard, of the Express, who first gave me the names, and his agent, and Mr. Black, who assisted in making the figures correct, are entitled to my thanks, and now it has become necessary to make them, I do so fully.

I have been diligent, I believe, in collecting my material from *original* sources, not newspaper columns. It, therefore, clearly is the *property* of Mr. Langley; and, when allowed to be seen, should in no case be published without permission, certainly not without being credited to its proper source.

Yours Truly,
LEGH HARNETT.

TOYS AND FANCY GOODS.—G. C. Clarkson & Co. having made large additions of the above Goods to their stock, any one wishing to make a present would do well to give them a call, as they have a great variety of nice, neat and natty articles of vertu which are useful, and at the same time will please the eye and adorn a table or mantel-shelf.

HOLLOWAY'S PILLS.—Nothing preserves the health so well as an occasional alterative in changes of weather, or when the nerves are unstrung. These Pills act admirably on the stomach, liver and kidneys, and so thoroughly purify the blood that they are most efficient in warding off derangements of the stomach, fever, diarrhœa, dysentery and other maladies, and giving tone and energy to debilitated constitutions. All who have the natural and laudable desire of maintaining their own and their family's health, cannot do better than trust to Holloway's Pills, which cool, regulate and strengthen. These purifying Pills are suitable for all ages, seasons, climates and constitutions, when all other means fail. They are the female's best friend.

THE GRAND PROMOTERS OF HEALTH.

HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of all its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these fine purifying Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They balance disordered action, remove the cause of disturbance, and restore its normal and natural power to every organ, without inconvenience, pain, or any other drawback.

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful, as to astonish everyone. Its pre-eminence as a remedy for bilious and liver complaints, and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive that the whole system is renovated, the organs of digestion strengthened, and full and easy assimilation promoted, so that both physical and moral energy are increased.

Determination of Blood to the Head.

This is generally occasioned by some irregularity of the stomach and bowels, which, if not quickly attended to, frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach, regularity to the secretions, and purity to the fluids. Vertigo, dimness of sight, and other indications of approaching apoplexy, are entirely dissipated by a course of this admirable medicine.

The Female's Best Friend.

For all debilitating disorders peculiar to the sex and in every contingency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommened with friendly earnestness. It will correct all functional derangements to which they are subject.

Scrofula and all Skin Diseases.

For all skin diseases; however inveterate, these medicines are a sovereign remedy. While the Pills act upon the, which they purify, the Ointment passes through the pores of the skin, and cleanses every structure, as water saturates the soil or as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous.

Coughs, Colds and Asthmas.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthma has appeared, these Pills may be relied on as a certain and never-failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning.

Indigestion.—Bilious Headache.

These complaints may sometimes be considered trifling but it should be borne in mind that, by inattention and neglect, they often end most seriously. Give early thought to a deranged stomach, take Holloway's Pills, rub his celebrated Ointment over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvements, though it may be gradual, will be thorough and lasting.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague,	Female Irregularities,	Scrofula, or King's Evil.
Asthma,	Fevers of all kinds,	Sore Throats,
Bilious Complaints,	Fits,	Stone and Gravel,
Blotches on the Skin,	Gout,	Secondary Symptoms,

CURES AND COMFORT FOR THE BED-RIDDEN

—BY—

HOLLOWAY'S OINTMENT.

This wonderful Ointment acts like magic in relieving and curing old sores, wounds, bad legs, ulcers, and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structures. It heals by cleansing all animal fluids with which it comes in contact, and therefore promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this Ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible specifics.

Diptheria, Bronchitis, Sore Throats, Coughs and Colds.

This class of diseases may be cured by well rubbing the Ointment, three times a day, upon the throat, chest, and back of the patient. It will soon penetrate and give immediate relief, in all stages of Influenza, Colds, and Bronchitis. This treatment may be followed with efficiency and safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy, Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway's Ointment, assisted by his celebrated Pills, which act so powerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained.

Dropsical Swelling.

Beware of this dangerous and stealthy complaint, which frequently creep upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach; therefore, set to work earnestly, by taking Holloway's famous Pills according to the printed instructions, and rubbing the Ointment very effectively over the pit of the stomach and right side, where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Interal Inflammation.

These complaints are most distressing to both body and mind, false delicacy concealing them from the most intimate friends. Persons suffer for years from Piles and similar complaints when they might use Holloway's Ointment with instant relief, and effect their own cure without the annoyance of explaining their ailment to anyone. The Pills greatly purify the blood, regulate its circulation renew diseased structures, and invigorate the whole system.

Disorders of the Kidneys, Stone and Gravel.

Are immediately relieved and ultimately cured if this Ointment be well rubbed, twice a day, into the small of the back, over the region of the kidneys, to which it will gradually penetrate, and in almost every case give immediate relief; but perseverance will be necessary to effect a thorough cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Chapped hands,	Scalds,
Bad Breasts,	Contracted and	Sore Nipples,
Burns,	Stiff Joints,	Sore-throats,
Bunions,	Elephantiasis,	Skin-diseases,
Bite of Mosquitoes	Fistulas,	Scurvy,

Coco-bay,	Glandular Swel-	Tumors,
